

Flauta H225 Riga

by Patricia Urquiola , 2020

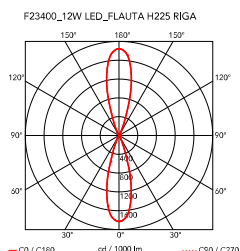

Collection of wall-mounted light fittings with dual light emission, available in various lengths. The units are characterised by the surface etching in two refined variations: Flauta Riga, with vertical lines, and Fluta Spiga, characterized by an elegant and sophisticated angular pattern.

Rounding out the device is a deflector accessory painted to match the finish of the lamp body. It can be installed as desired on the upper or lower head to create a decorative effect with reflected light.

The structure is made of aluminium treated with a chemical conversion process for effective resistance to atmospheric agents. The powder coating of the body is available in various finishes according to the QUALICOAT standard.

LED light source included. Integrated 220–240 V electrical power with DALI dimmer. Comes with deflector for optional installation on the upper or lower head. LED light source included. Integrated 220–240 V electrical power with DALI dimmer. Comes with deflector for optional installation on the upper or lower head.

Mounting	Wall
Environment	Indoor
Weight	0,8 Kg
Light sources available	2 x LED 12W 493lm 2700K CRI95 [i] Dimmable
Emergency	Without
Dimmer	Included Push/Dali
Voltage	220-240V
Power	12W
Battery	No
Supply included	No

Materials Aluminum
